Dear Parents,

Summer vacations are meant for fun and full of enjoyment. It's time for children to play, enjoy, relax and re-energize. We have planned different activities for children to enhance their overall development. So before we go further here are few guidelines for you.

- Make your child to do his/her work own with your help and guidance.
- Make them a habit of early to bed and wake up early in the morning.
- Practice them to use golden words - greetings like Thank you, please sorry etc. and make these a part of their personality.
- Encourage them to speak small sentences in English.
- Encourage them to drink lots of water, juices and add fruits and vegetables in their daily diet.

Activities :

- Encourage them to play various indoor games.
